Admission for New Students under Scholarship Program

B.Sc. (Health Robotics)

Academic Year 2025, Round 2

Huachiew Chalermprakiet University supports scholarships throughout the 4-year bachelor's degree program.

Number of scholarships: 10 scholarships, 980,000.00 baht each, for students who wish to continue their studies for a Bachelor of Science degree.

The Faculty of Science and Technology, Huachiew Chalermprakiet University has recently opened a new **Dual Degree program** in collaboration with the Faculty of Engineering of King Mongkut's Institute of Technology Ladkrabang. Upon completion of the program, students will receive two academic degrees from the two institutions.

1. B.Sc. Health Robotics (International Program), Faculty of Science and Technology, Huachiew Chalermprakiet University
2. B. Eng. Robotics Engineering and Artificial Intelligence (International Program), Faculty of Engineering King Mongkut's Institute of Technology Ladkrabang

This scholarship program aims to produce graduates with knowledge and skills in technology and innovation to meet the needs of today's society. They must be knowledgeable and practical in robotics and artificial intelligence, combined with health science. The qualifications of applicants, selection criteria, application schedule, and scholarship conditions are as follows:

### 1. Qualifications of applicants

1.1 Be a Grade 12 (Mathayom 6) student in the Mathematics-Science program or Vocational Certificate (Vocational Certificate) or Higher Vocational Certificate (Higher Vocational Certificate)

in the Mechatronics, Robotics and Automation, Electrical and Electronics career group or related career groups/fields or equivalent certified by the Ministry of Education

1.2 Be a graduate of high school in the Mathematics-Science program or Vocational Certificate (Vocational Certificate) or Higher Vocational Certificate (Higher Vocational Certificate) in the Mechatronics, Robotics and Automation, Electrical and Electronics career group or related career groups/fields or equivalent certified by the Ministry of Education

1.3 Be a graduate of a bachelor's degree from another educational institution in Thailand or abroad certified by the Ministry of Higher Education, Science, Research and Innovation in case of applying for a second bachelor's degree

1.4 Never been convicted by the court, except for a minor crime committed

1.5 Be of good conduct, never expelled from any educational institution due to misconduct

1.6 Not insane

1.7 Be physically and mentally healthy and not suffering from any serious contagious disease or other diseases that are obstacles to further education and employment

## **2. Faculty of Admission**

Faculty of Science and Technology, Huachiew Chalermprakiet University

Major in Health Robotics (International Program)

Program Name: Bachelor of Science (Health Robotics)

## **3. Selection Criteria**

3.1 Cumulative Grade Point Average (GPAX) 5-6 semesters not less than 3.00 or have standard test scores \*\* TCAS Admission/ SAT/ GSAT/ ACT / Gaokao / GED (SAT=Selection Examination for International Programs / GSAT=Academic Aptitude Test for International Program Universities/ACT=Standardized Test of Reasoning and Necessary Communication)

3.2 Passed the written entrance examination, academic abilities, attitudes, morality, personality and has commitment to study the Bachelor of Science in Health Robotics program

#### 4. Application schedule

Application Procedure	Timeline
<p>1. Fill in the online application form on the website <a href="http://admission.hcu.ac.th">http://admission.hcu.ac.th</a>. Then, print the application result report and fill in additional information in the application form. Prepare the application documents to be sent by EMS only. The last day to send documents is April 21, 2025 (all types of private transportation are not accepted).</p> <p>Address the envelope to the Student Admissions Department, Huachiew Chalermprakiet University 18/18 Theparat Road, Km.18, Bang Chalong Subdistrict, Bang Phli District, Samut Prakan Province 10540 (Health Robotics Scholarship) as follows:</p> <ul style="list-style-type: none"> <li>- Application form with a 1-inch photo attached, signed by the applicant</li> <li>- One certified true copy of ID card</li> <li>- One certified true copy of the house registration (Thai applicants)</li> <li>- One certified true copy of the scholastic records senior high school (5-6 semesters)</li> </ul> <p>After submitting the documents, add Line ID: @huachiew, inform the information: Name - Surname and application number</p>	<p>March 1, 2025 to April 21, 2025</p> <p>Apply online, free of charge</p>
<p>2. The list of applicants eligible for the interview will be announced at 3:00 PM via the applicant's Line.</p>	<p>April 28, 2025</p>
<p>3. Applicants are interviewed by a committee.</p>	<p>The schedule will be announced later.</p>
<p>4. The names of scholarship recipients will be announced at 3:00 PM via the applicant's Line.</p>	

Application Procedure	Timeline
5. Scholarship recipients must confirm their eligibility to receive the scholarship.	The schedule will be announced later.
6. Sign a scholarship and a guarantee contract, and register as a new student. Students must bring their father, mother, or guardian (in case where parents are not available) and a guarantor (other than the father or mother).	
7. First semester begins	July 1, 2025

## 5. Scholarship Conditions

5.1 Those who are selected by the committee will receive full scholarships (100%) or partial scholarships (50%) of tuition fees BUT does not include dormitory fees or other expenses. The study plan throughout the course has a total cost of 980,000.00 baht.

5.2 Scholarship recipients must be diligent in their studies and pass the evaluations according to the course. The recipient must have a cumulative grade point average (GPAX) of no less than 2.75 in each semester. If the recipient's GPAX is lower than 2.75 in any semester, the scholarship will be immediately suspended. However, the recipients can continue to study until the end of the course by paying the expenses themselves.

5.3 If the recipient wants to re-register for a course that they have previously registered for or change their grades in the case of Failure to pass the exam will require payment of the expenses by oneself.

5.4 Scholarship recipients must render an 8-hour a month service for Huachiew Chalermprakiet University for 8 hours per month throughout the scholarship period.

5.5 Scholarship recipients must strictly comply with the rules and regulations of the university and must not do anything that may cause damage to the reputation of the university and oneself. They must also participate in field studies as specified by the scholarship provider. In the event that a scholarship recipient is deducted 30 or more points from their moral and ethical conduct score, the entire scholarship will be immediately suspended.

5.6 For Chinese language studies, additional classes are provided in every regular semester for 24 hours per semester.

5.7 If the applicant's qualifications do not meet the university's announcement or the information provided is falsified, this application will be considered void. If selected, the right

to study will be immediately made void. The university will not refund any fees under any circumstances.

5.8 In the event that the applicant has reported as a new student and has already paid the registration fee and wishes to waive the right to be a student (withdraw), the university will not be able to refund any fees already paid under any circumstances.

5.9 The scholarship recipient agrees to comply with the conditions of the university. The university reserves the right to choose appropriate personnel to be part of its teaching staff from the graduates of the course. After being chosen by the university, the scholarship recipient must enter the university's teaching position. In return, the university will support scholarships to develop the recipient's potential during their studies by providing scholarships for overseas cooperative education during their bachelor's degree studies and supporting scholarships for master's and doctoral degrees according to the university's personnel development plan.
